KENDALL ELECTRIC
Your Possibility. Our Purpose.

Rockwell Automation

Training Solutions for Rockwell Automation

Keep your team up-to-date with training options that cover a variety of technologies including design software, drives, safety, motion control, networking, information software and process control.

We are proud to offer a wide variety of scalable, flexible, and highly interactive training solutions to fit your needs and set your team up for long-term success.

Learning+

Learning+ is a subscription based platform including self paced e-learning and live instructor-led training in a virtual classroom. Designed to provide effective and accessible training methods, Learning+ comes complete with modularized virtual lectures, lab experiences, simulations, and more to enhance learning concepts on a schedule that works for you without having to travel.

- Over 20 courses cover a variety of topics from beginner to advanced
- Available on table or PC with Chrome, Safari, IE, Edge, or Firefox
- Knowledge assessments are provided as well as potential CEU credits
- Self-paced E-learning modules and live options available

The current available Learning+ courses are listed on the reverse of this page. You can also can visit KendallElectric.com/training or speak to a Kendall Electric team member for more information.

Instructor-Led

Instructor-led training provides students with in-person, hands-on learning to increase job related skills. These courses offers real-time interaction with a skilled Rockwell Automation instructor. Instructor led training focuses on a variety of Rockwell Automation technologies.

- Open enrollment courses
- Aligns with specific job functions
- Private on-site options available

Instructor-led course offerings are listed on the reverse of this page. Visit Keinc.info/ra-instructor to view course length, date, and location information.

Rockwell Automation Certificate Program

Take your training to the next level with Rockwell Automation's Certificate Program.

Complete the course requirements and final assessment* within a 18-month time frame to earn your professional certification. The program can be completed via Instructor Led courses, e-Learning courses, or a combination of both. Get started today by visiting keinc.info/ra-certificate and read about the options available.

Design software courses				
CCCL21	Studio 5000 Logix Designer Level 3: Basic Ladder Logic Interpretation (M)	✓	✓	✓
CCP143	Studio 5000 Logix Designer Level 3: Project Development (P)	✓	✓	✓
CCP146	Studio 5000 Logix Designer Level 1: ControlLogix System Fundamentals (P/M)	✓	✓	✓
CCP151	Studio 5000 Logix Designer Level 2: Basic Ladder Logic Programming (P)	✓	✓	✓
CCP152	Studio 5000 Logix Designer Level 4: Function Block Programming (P)	✓	✓	✓
CCP153	Studio 5000 Logix Designer Level 2: ControlLogix Maintenance and Troubleshooting (M)	✓	✓	✓
CCP154	Studio 5000 Logix Designer Level 4: Structured Text/Sequential Function Chart Programming (P)	✓	✓	
CCP299	Studio 5000™ Logix Designer Level 1: ControlLogix Fundamentals and Troubleshooting	✓		
CMP100	Connected Components Workbench (P/M)		✓	
PowerFlex drive courses				
CCA182	PowerFlex 750 Series Configuration and Startup (P/M)	✓	✓	✓
CCA183	PowerFlex 750-Series Maintenance and Troubleshooting (M)	✓	✓	
CCA184	PowerFlex 750-Series Drives Configuration for an Integrated Architecture System (P/M)		✓	
DRV100	PowerFlex Drives Fundamentals		✓	
DRV101	TotalFORCE Fundamentals for PowerFlex 755T Drives		✓	
DRV215	PowerFlex 750 Series Configuration, Startup, Maintenance and Troubleshooting	✓		
EK-ICM101E	Vibration Analysis Fundamentals (P/M)		✓	
Safety courses				
FND035	Electrical Safety for Qualified Personnel	✓		
SAF-LOG104	GuardLogix Application Development & Troubleshooting (P/M)	✓	✓	✓
SAF-TUV0T	Functional Safety for Machinery Technician Certification	✓		
Motion control courses				
CCN132	Motion Control Fundamentals using Kinetix 5700 (CIP) Servo Drives (P/M)	✓	✓	
CCN144-A	Studio 5000 Logix Designer Level 4: Kinetix 5700 (CIP) Programming (P/M)	✓	✓	
CCN202	Kinetix 5700 Troubleshoot & Project Interpretation	✓	✓	
Information software courses				
CCV204-A	FactoryTalk View ME & PanelView Plus Programming (P)	✓	✓	✓
CCV207	FactoryTalk View SE Programming (P)	✓	✓	✓
FTAC	FactoryTalk AssetCentre System Design and Implementation (P)		✓	
FTADV	FactoryTalk Analytics DataView Fundamentals		✓	
FTEG	FactoryTalk Edge Gateway		✓	
VIS230	ThinManager Configuration and Troubleshooting		✓	
Industrial maintenance				
MFG213	Industrial Electrical Controls Fundamentals	✓		
Industrial networking courses				
CCP183	Ethernet/IP Configuration and Troubleshooting (P/M)	✓	✓	✓
CCP184	Network Fundamentals for Controls Systems		✓	
INA201	Industrial Network Architecture: Foundation (P)		✓	
INA202	Industrial Network Architecture: Intermediate (P)		✓	
INA203	Industrial Network Architecture: Advanced Part 1 (P)		✓	
INA204	Industrial Network Architecture: Advanced Part 2 (P)		✓	
CYB101	Cybersecurity Fundamentals in an OT Environment		✓	
Process control courses				
PRC201	PlantPax System Design and Configuration (P)	✓	✓	
PRC203	PlantPax System Operations (P/M)		✓	
Legacy product courses				
CCPS41	SLC 500 & RSLogix 500 Programming (P)		✓	
CCPS43	SLC 500 and RSLogix 500 Maintenance and Troubleshooting (M)	Private Only	✓
